

On average, CMMB programs exceeded their program targets by 32 percent through improved efficiency and tireless dedication. But, this is only part of our story: We also looked at the long-term health outcomes that we strive to achieve.

**Trained
1,148
doctors, nurses
and midwives**

CMMB and its partners worked tirelessly to bring health care services to the most vulnerable in more than 40 countries. Thanks to the generous support of our donors, our programs reached more than 482,000 people, providing critical medicines, prevention and treatment health services, and training.

**Counseled
and tested
174,554
men, women
and children
for HIV**

CMMB BY THE NUMBERS

Our 100th year of serving those in need throughout the world was a very special one for CMMB. It was a year to celebrate our development and growth, but it was also a year to look back to our beginning and reinforce the mission which inspired us then... laid the foundation for our work throughout the century... and moves us forward into our second century.

THANK YOU

Your support is at the base of all we do and we remain eternally grateful for all that you have given us. 97% of your contributions were applied directly to our service to others.

Reached
nearly
20,000
young
children and
5,000
pregnant
women with
primary
health care
services
