

Project Officer- WASH

Location: Mutomo, Kitui

We believe in a world in which every human life is valued, and health and human dignity are shared by all.

We believe that access to quality healthcare is a basic human right. For more than 100 years, we have worked with global partners to deliver locally sustainable, quality healthcare solutions to women, children and their communities. We're ready to make it 100 more.

We believe change starts with her.

We work tirelessly for women's and children's health because they are disproportionately affected by illness and poverty. We know that healthy, educated, and empowered women are better able to raise healthy, educated, and confident children, and that communities depend on their livelihoods. We're making an impact – [learn more](#).

Building around a new CHAMPS (CHildren And Mother PartnershipS) model, CMMB will work at both the community and clinical levels in these targeted communities to strengthen health services and address the leading causes of maternal and child death. In addition, CMMB will expand its volunteer program to strengthen health care delivery in CHAMPS-supported facilities, and will engage with the pharmaceutical industry to help meet the needs of CHAMPS communities and facilities.

CMMB is committed to learning and evolving in order to successfully achieve impact in its strategy, and will have strong vertical and horizontal team structures in alignment to the global strategy in order to encourage accountability, communication, and effective project management.

We believe in people.

We strive to live out our core values of **collaboration**, **love**, **excellence** and **respect** every day. We provide our employees with a competitive salary and a meaningful benefits package, with opportunities to learn and grow. We especially encourage all persons of diverse backgrounds to apply. *Read more from our President & CEO below.*

Department Summary

The Programs Department plays a critical role in achieving CMMB's [strategy around improving the lives of women and children](#), by leading the provision of high quality programs focused on children's and mothers' health, and particularly in the development and implementation of our [CHAMPS model](#). This team is also responsible for generating revenue from and partnering effectively with government(s), major foundations, and other major donors, and will help to position and enhance CMMB's technical capacity and reputation in the field of global healthcare.

CMMB has been working in Kenya for almost 15 years. CMMB works to ensure that the most vulnerable populations, especially mothers and children, have access to quality services in health care, health promotion and illness prevention.
