CHAMPS (Children and Mothers Partnerships)

Poverty disproportionately affects women and children, and they often end up marginalized and vulnerable, unlikely or unable to access the health services they need. This can trap them in a cycle that limits their ability to reach their full potential. One of CMMB's most critical programs – CHAMPS – focuses on the health and well-being of mothers, children and their communities.

With compassionate donor contributions, CHAMPS provides effective and life-saving support and medical care to mothers, newborns, children and their communities in Haiti, Kenya, Peru, South Sudan and Zambia.

Medical Donations Program

Over the last 10 years, CMMB's Medical Donations Program distributed more than \$5 billion worth of medicines and medical supplies to 83 countries across the globe. This includes emergency response shipments to areas affected by natural disasters and humanitarian crises.

Working with leading pharmaceutical companies and trusted local partners on the ground, we provide medical facilities with a wider variety of treatment options and high-quality, FDA-approved medical products free of charge for the most vulnerable people around the world.

Volunteers

CMMB volunteers strengthen communities through healthcare programs and other initiatives. They help deliver the best possible health solutions to women, children and communities in need with dignity, respect and love. They travel long distances to donate their time and expertise as doctors, nurses and other professionals, and build a longstanding legacy.

We know that improved health means improved lives. That's why we work with a range of partners, including individuals, universities, health systems and corporations to help our volunteer program create positive change in vulnerable communities around the world.

Throughout the calendar are photos of the places we work and the people we serve.

“Each of us, as citizens, has a role to play in creating a better world for our children.”

– NELSON MANDELA
