Healthier Lives Worldwide

A Swim for Hope

**28.5 miles around Manhattan to expand access
to cancer care in Kenya**

Derek Yach, Global Health Advisor to CMMB, will be joined by two other cancer survivors, Mary Money and Keith Kirkpatrick, along with Leila Shields, for a swim around the entirety of Manhattan to raise money to help CMMB equip the Phangisile Mtshali Cancer Center in Kitui County, Kenya and other regional health facilities with highly needed chemotherapy ports to deliver chemotherapy treatment.

**September 10, 2026
Starting at 7 A.M.
Battery Park, NYC**

Why We Are Making Waves

Cancer care is not equitable globally, especially in rural communities of Kenya where health facilities are far from home and resources are extremely limited. CMMB is driving progress, but there is so much more to do.

Every Stroke Counts

Make a donation in honor of our swimmers.

Your gift will help fill critical treatment gaps in Kenya's rural Kitui County, including equipping patients at CMMB-supported Phangisile Mtshali Cancer Center at Kitui and surrounding clinics with chemotherapy and chemotherapy ports, a major barrier to quality care.
